

AK AK Ramon

A NEW GENERATION of AK Ramon machines

A unified digital experience for vacuum packers, tray sealers and bowl cutters

AK AK Ramon

Introducing a new and modern touch interface that brings clarity to every operation

For a clearer
and more
consistent
way of working.

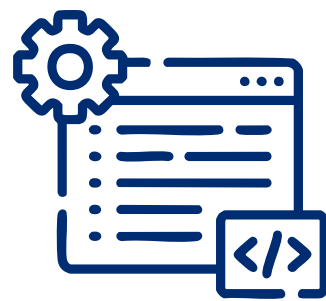

Technical insight before stepping
into the plant

The test screen displays **inputs, outputs, vacuum levels and temperature readings** to help detect issues faster.

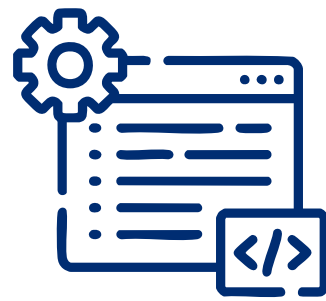

AK AK Ramon

Program storage that adapts
to every production need

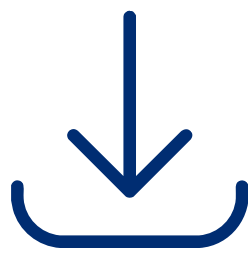

+

Up to **100 programs** in VP models and TS-550

+

10 programs in TS-200 and TS-300

+

Memory saving now available in cutters

AK AK Ramon

A coherent digital experience
across the entire line

Vacuum packers with sensor control and intuitive workflows.
Tray sealers with structured digital operation.
Cutters now capable of storing programs.

Designed & build
to be good.
